

Thanks for your interest in helping out the Village.

We believe it's a treasure worthy of being preserved for all future generations!

The name of this opportunity is:

ADOPT ARTIFACTS of a BUILDING - for cleaning

Adopting artifacts demands a good deal of patience and respect for the artifacts. It involves carefully dusting each artifact. No chemicals are to be used on the artifacts. Therefore the dusting tools themselves must be taken out and beaten-clean frequently.

One must exercise strict caution when working with small artifacts. Large artifacts, such as automobiles etc. may require some contorted bending, twisting & reaching to get to the difficult areas. A person who has “adopted” the cleaning of artifacts in a specific building may, with permission, bring in helpers from time to time providing that the helpers are approved by the management and have been educated as to their work.

To Adopt the artifacts in a building submit your information and note your choice of **ADOPT ARTIFACTS of a BUILDING - for cleaning**, along with the building # or name indicating that you wish to adopt the building for purposes of artifact cleaning.

Someone will be in touch with you.
