

Our Story

Founded by Harold Warp in 1953, Pioneer Village was actually triggered by the sale in 1948 of the country school Mr. Warp had attended as a child.

With the help of his sister Clara and her husband Col. T.C. Jensen, Harold built the collection showing "How America Grew."

Now, 70 years later, we are proud to introduce our first ever Membership Program. All proceeds from this program will go toward the continuation of Harold's dream.

Get In Touch

Contact Information
